

Watching TV at home

My name is I like to watch TV at home.

My family like to watch TV too.

I can watch TV when it is my turn on the schedule.

When it is not my turn I can choose to do something else.

I can go to another room in the house if it is too loud or if I don't like the programme.

Taking turns will make everyone in the family happy.

Mum and Dad will be very pleased if I can take my turn to watch TV.
