

Group Work Social Narrative

When I am at school there are different ways I can learn in the classroom. One way is with my partner or in a small group.

Sometimes I might find working with a partner or in a group difficult.

When I am working in a group I can remember the rules:

- 1. Each person should have a different job.*
- 2. Ask my partners opinion.*
- 3. We should all take turns when answering.*
- 4. If we need help we can ask the teacher.*

When I follow these rules, I will show my classmates that I am a good partner.

I will be proud when I finish my work and do a good job with my group.

***This Social Narrative is only an example. Social Narratives should be individualised for the child you are working with and concentrate upon the skills which they need to develop.**
