

Social Narrative: Hand dryers

Lots of public toilets have hand dryers.

People use these to dry their hands quickly.

They are very noisy.

The noise scares me and hurts my ears.

When I am in public toilets I can put my hands over my ears until the noise stops.

This will stop my ears hurting and I won't feel scared.

*This Social Narrative is only an example. Social Narratives should be individualised for the child you are working with and concentrate upon the skills which they need to develop.
