

Head Lice

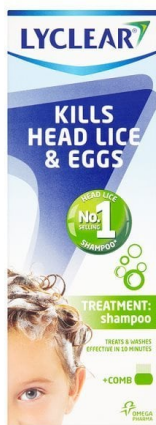

I have lice in my hair.

This makes me feel worried.

The lice are very small and will not hurt me or make me sick.

Other people have lice in their hair too.

Mummy will wash my hair with special shampoo to get the lice out of my hair.

She will also use a special comb to get the lice out of my hair.

Mummy will get all the lice out of my hair.

This will make me feel happy.

*This Social Narrative is only an example. Social Narratives should be individualised for the child you are working with and concentrate upon the skills which they need to develop.
