

## “I can do the Laundry” Social Narrative

Just like my body, my clothes need to be washed when they get dirty or smelly.

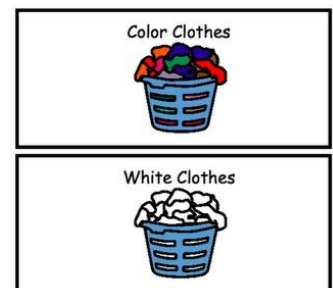

The washing machine can be used to wash my clothes.

I will carefully add the correct amount of washing liquid.

If I need help adding the washing liquid I can ask an adult.

I can sort out the clothes and wash white clothes separate from coloured clothes.

It's ok to ask an adult to help me choose the correct wash cycle.

When the washing machine has finished I can hang my clean clothes up to dry.

I will feel very fresh and clean in my washed clothes and other people will like the fresh, clean smell too.
