

## Washing a Load of Clothes

1. Bring laundry basket to laundry.	
2. Take clothing out of basket and place on floor.	
3. Sort clothing into piles of coloured and whites / near whites.	
4. Open washing machine.	
5. Place one of the piles into the machine.	
6. Add laundry detergent.	
7. Turn machine on.	
8. Wait until machine has finished wash cycle then open machine.	
9. Take clothes out and check that they have washed correctly.	
10. Put clothes in the dryer select the appropriate setting and then start the drier, or hang clothes on clothes line outdoors to dry.	
11. After the drier has completed its cycle, put clothes in the laundry basket and fold, or, if you have hung them on the line, bring clothes back inside.
